ORDER SUSTAINING MOTION TO DISMISS

H.P. WARFIELD
CLERK U. S. DISTRICT COURT

Now, on this 28th day of May, 1946, this matter having come on before the Court on May 23, 1946, on the motion of the defendant to dismiss the indictment in this cause of action, the United States of America appearing by Kenneth G. Hughes, Assistant United States Attorney for the Northern District of Oklahoma, and the defendant, Lola Hampton, appearing by Tillman & Tillman, and Holliman & Brewer, and it having been stipulated and agreed by the United States of America that the Court, in considering said motion to dismiss, might take judicial notice of the record in the case of United States of America vs. Clarence E. Adams et al., No. 11133 Criminal, in the United States District Court for the Northern District of Oklahoma, and the Court, having examined the files herein and heard arguments of counsel in open Court, and being fully advised in the premises, finds, that the statement on which the indictment in this case was based was made by the defendant after said defendant had been determined by the Court to be an adverse and unwilling witness, and after the Court had granted the Assistant United States Attorney the right to cross-examine said witness, said witness having been called as a witness for the United States. The Court further finds that the jury, in Case No. 11133 Criminal, was instructed that said testimony elicited on cross-examination could be considered for impeachment purposes only and not as proof of anything brought out by the testimony on cross-examination. The Court further finds that said motion to dismiss should be sustained.

IT IS THEREFORE ORDERED, that the motion to dismiss of the defendant, Lola Hampton, be, and the same hereby is, sustained.
